EVENTS & WEBINARS

European Risk Management Forum - 3000+ participants

The largest European gathering of risk and insurance professionals - a meeting point to share knowledge, network and shape the future of the profession together.

Seminar - 300 participants

New trends, new techniques and fresh ideas for new business opportunities.

Conferences, roundtable discussions, and other events on **EU** related matters to connect risk professionals and drive knowledge exchange.

ADVOCACY

Based on regular consultations with its member associations, FERMA promotes and represents the interests of European risk managers by engaging with European institutions and the international arena on key risks: sustainability, digitalisation, systemic risk, ERM, and risk transfer.

PUBLICATIONS

FERMA produces reports, white papers, surveys and guidance on the latest risk management practices.

Biannual Global Risk Manager Survey Report

Reports, guides, benchmarking documents

NEXT - New Exposure Trends

FERMA CERTIFICATION RIMAP®

The first professional certification for European risk professionals, the rimap® certification promotes professional standards and recognition for risk managers across Europe.

NEWS

European affairs updates, information on FERMA activities and network news.

FERMA was established in 1974 under its previous name of 'European Association of Industrial Insureds' (AEAI) as an international association with the aim of representing the interests of commercial insurance buyers and exchanging ideas and experiences.

Today, FERMA brings together 24 risk management associations in 23 European countries, representing +7000 risk managers active in a wide range of business sectors from major industrial and commercial companies to financial institutions and local government bodies.

FERMA provides the means of co-ordinating risk management and optimising the impact of these associations outside their national boundaries on a European level.

FERMA promotes communication among its members and also within IFRIMA (International Federation of Risk and Insurance Management) of which FERMA is a member.

GOVERNANCE

FERMA is governed by the General Assembly and administered by a Board of Directors led by the President.

The FERMA office under the supervision of the Chief Executive Officer is based in Brussels.

The list of the Board of Directors is available on the website

MISSION

In a world where risk, managed proactively and creatively, becomes an opportunity, FERMA's mission is to:

- Represent and defend the interests of its member associations and their members to European institutions.
- Create, collect and share knowledge, practices and innovative approaches amongst its member associations and their members.
- Improve the recognition of and raise the profile of the profession.
- Demonstrate the value that professional risk managers bring to organisations.
- Take the lead with stakeholders who have an interest in risk management.
- Represent European interests with risk management associations globally.

VISION

A world where risk management is embedded in the business model and culture of organisations.

RISK LEADERSHIP AT THE HEART OF EUROPE
